*“My year and a half with GT Dining has proven to be a rewarding and worthwhile experience. I am impressed at how GT Dining is very much a part of the GT Auxiliary Services team. We are treated with respect and have a wonderful partnership that encourages change. During my first year I presented the idea of going tray-less in the dining halls that both Rich and Roz embraced and supported. Tray-less has been such a success and has gotten GT recognized in many articles and media. I like being a part of the GT auxiliary services team! They have become a second family to me!! I hope to continue to serve the faculty, staff, and students for years to come!”*
